Simón Fattobene

web developer
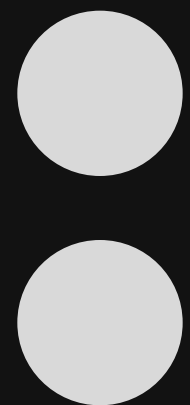

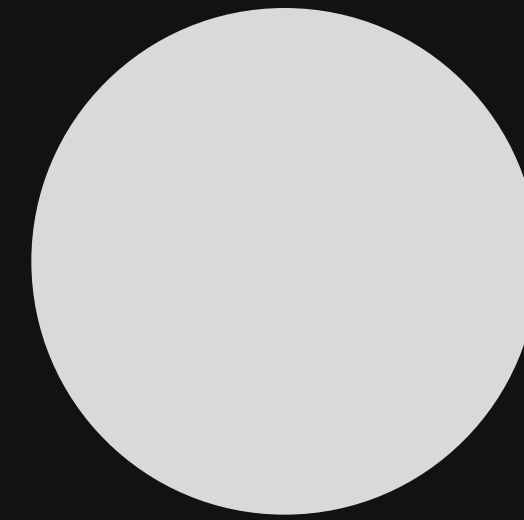

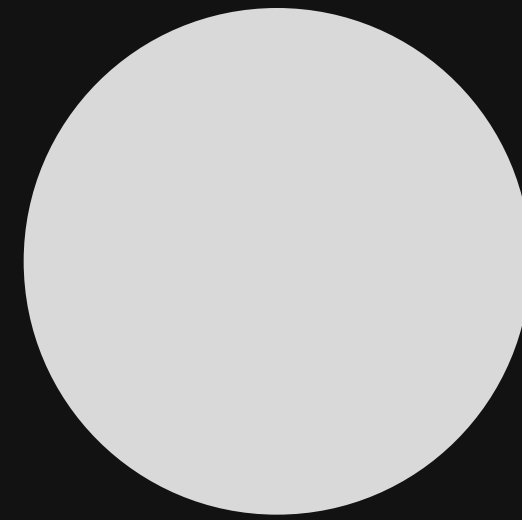

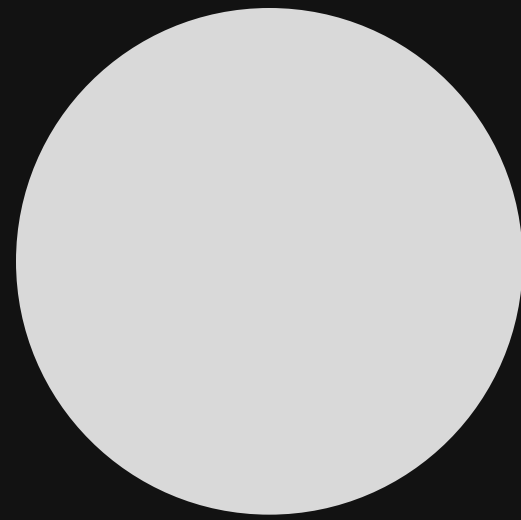

Main concerns

These are my main concerns when programming web-sites.
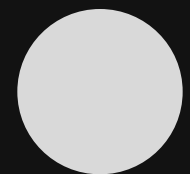

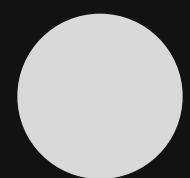

Dynamic

This example text goes here just to demonstrate how it looks this thing with content in it

Accesibility

About me

I am a 23 years old Argentinian guy, proficient computer user with some experience with Office package, AI, PS, AP and MySql Server. I stuidied design for 2 years and worked on small projects. I'm a curious self learner, always looking for something, now I'm looking for knowledge.
